

Parish Community Prayer

Parish Community Prayer was recommended by the Parish Community Development project in February 2009. Since then a group of about eight parishioners have met the first Saturday of every month in the Church and have used passages from scripture suggested by the theme of the liturgical season to pray for the concerns and direction of the parish and to act as intercessors for those in need. We have begun with a continental breakfast of muffins, sweet bread, coffee and tea at 8:30 am, followed by prayer and intercessions from 9:00 to 10:15. During our last prayer session of 2010 we prayed in the season of Advent for the coming of the new light into the Parish, that is for God's new light of new ministry in the induction of Rev. Michelle Eason as our rector and for the support of the parish in the development of God's mission together.
